Learn to draw one of your favorite characters from BAMBI with celebrated Disney Animator, **Andreas Deja**.

Step 1:

- Draw a very simple oval, then add a center line vertically and horizontally to establish Bambi's eye-line.
- Establish the main direction of Bambi's body by gently drawing a long, loose "S" shape.

Step 2:

- Draw a small oval to establish Bambi's chest.
- Draw another oval horizontally, to establish the rear of his body.

Step 3:

- Add Bambi's legs. As a young fawn, he has long, skinny legs.
- Follow the "S" line to establish Bambi's hind legs which will reach out in an upside-down "V" shape.

Step 4:

- Indicate where Bambi's ears are by drawing a sharp oval and a triangle shape.
- Add Bambi's tail in the shape of a small banana.

Step 5:

- Now add detail to Bambi's face by defining his small nose, his muzzle and his eyes.

Step 6:

- Refine Bambi's ears.
- Add details to his eyes.
- Establish Bambi's chest.
- Add a bit of fur all around.

Step 7:

- Finally, add the details which will complete Bambi such as defining his spots and fluff-up his fur a bit.
- Don't forget to add his hooves, then shade in his eyes and darken his nose.
